Rahul Birajadar

Aspiring Full-Stack Developer | Computer Science Student

Maharashtra, India · rbirajadar96@gmail.com · github.com/rahul-birajadar-developer · linkedin.com/in/rahulbirajdar07

PROFILE

Computer Science student building full-stack web applications with React, Node.js, Express and MongoDB. Interested in practical software, AI and modern technologies. Looking for internship opportunities as a Full-Stack Developer / Software Engineer.

EDUCATION

B.Sc. Computer Science — Expected graduation: 2027

Sangameshwar College, Solapur

TECHNICAL SKILLS

Programming	C, Java, JavaScript (ES6+)
Frontend	HTML5, CSS3, React.js
Backend	Node.js, Express.js
Database	MongoDB
Mobile	React Native

PROJECTS

YUKTI — A collaborative coding and practice platform for college students. — In Development

- Collaborative coding rooms and programming practice
- Mock technical interviews
- Student progress tracking

HostelHub — A hostel and PG management platform. — In Development

- Student management and hostel information
- Room management
- Management dashboard

StudentHub — A student management system. — Personal Project

- Student registration
- CRUD operations
- Search and student information management

EXPERIENCE & LEARNING

- Independent project development: designing and building full-stack applications end to end.
- Practical development: forms, validation, CRUD operations, search and REST APIs with Node.js and Express.
- Continuous technical learning: from C and Java fundamentals to JavaScript, React, Node.js, MongoDB and React Native.
- Exploring AI and modern developer tools for practical applications.
